— INTRO —

The Cocktail Service offer a stylish range of bars to suit any theme or event aesthetic. Our bars, as well as looking beautiful, also provide our event teams with a professional and functional space to work from.

The bars are quick and easy to install and our bespoke claddings enhance the environment of the event. The Cocktail Service specialise in providing fully stocked cocktail bars for events of any size from a small corporate event to large scale cocktail activations for thousands of guests.

We provide stylish bars and drink services for some of the UK and Europe's most prestigious companies, brands and private clients.

WE CREATE
EXCEPTIONAL HOSPITALITY
EXPERIENCES

OUR HOUSE BAR

Our House Bar units are manufactured by Portabar and are the most advanced mobile bars you can buy in the UK. They are fully modular and come flat packed in easy to transport flight cases. All bars come complete as pictured with insulated ice wells and speed rails for speed of service.

Our House Bars come in 2m sections and can be built to any length in 2m increments.

NOTES

Please note that the bars do not require a water or electricity supply. The bars will need to be set up on a flat surface, however we can make reasonable adjustments to overcome this if we are informed ahead of the event.

MIRROR BAR

Our Mirror Bar is another great way to add a stylish focal point to your event. Mirror Bars are very eye catching and work really well in neutrally themed environments with black, white or grey theming. Mirror Bars also work very well in themed environments that use multicolour lighting or backdrops.

Our Mirror Bar is a cladding that overlays our House Bar and is available in 2m increments.

BESPOKE FINISHES

Our Bespoke finishes allow us to completely customise our House Bars. We can brand the bars with company logos, bespoke colours or custom designs to fully tailor our bar systems to any theme or event imaginable. As well as front and side branding, we can also customise the bar tops with any colour or metallic finishes. These bars are perfect for any event from corporate or brand activations to private events or weddings.

Our Bespoke finish is added to our House Bar and is available in 2m increments.

OTHER BAR OPTIONS

ICE BARS

Ice Bars are an incredible sight that guests are always fascinated with. Carved out of large scale block ice to virtually any design, including company branding. Ice bars are something truly unique. Fully operational with drainage and lighting, ice bars are a simple and highly effective way to make a big impact at your events.

LED BARS

LED bars add a contemporary feel to events and ours can be illuminated to any colour. We can further customise your LED bar with logos or other artwork. LED bars are available in a number of different bar layouts.

DYNAMO BARS

Dynamo Bars are available as both circular or straight bars and with a black or white finish. A totally unique bar, the Dynamo series adds subtle class to event spaces and works perfectly for weddings.

METALLIC CIRCULAR BAR

The metallic circular bar is available in a full circle or semi-circle, in both a gold or silver finish. A true crowd pleaser and the ultimate centrepiece to any event, our circular bars are extremely popular as their classic look complements any event.

ROSE GOLD BAR

The Rose Gold Bar comes in a straight piece and its unique colour palette is fantastic for certain themes. Its warm copper tones add to any environment they are in, but work especially well for weddings or more rustic themes.

BESPOKE BUILDS

If your event is truly bespoke we can design and build entirely custom claddings or bar systems. Our designers and production teams have great experience in custom builds to ensure bars are built to a high specification and cost effectively. Please enquire for further details.
